Company Overview

Wedding Wedge is an AI-assisted wedding planning decision platform that helps engaged couples review venues, vendor quotes, contract terms, guest count concerns, added costs, and planning details before making major wedding commitments. Designed for local, destination, resort, hotel, villa, and all-inclusive weddings, Wedding Wedge helps couples ask better questions, compare options more clearly, and plan with greater confidence.

What Wedding Wedge Does

Wedding Wedge helps couples take a smarter second look at venue details, vendor quotes, contract terms, guest count concerns, added costs, and planning details before booking, signing, or paying.

Product Facts

- Free preview available
- Full report access currently available for \$59
- Complimentary media preview access available by request

Key Features

- Venue and vendor decision review
- Contract term and red flag review support
